Re: 2020 WUC Mind Sports online – Appreciation letter

Dear Organising Committee,

The 2020 FISU World University Championship Mind Sports online has just come to an end and on behalf of FISU, we would like to thank you for the great event delivered.

The experience to replace an onsite event by an online event was new to all of us and we are happy with the success that this online Championship received. We would like to thank you particularly for the efforts you have put on the set up of a good livestreaming production and the competent technical team overseeing the Championship.

Having an event happening in these difficult times was a real challenge and we are sure that all the students appreciated this Championship online and have all gained precious experience for the future.

It was a pleasure to work with your team and we are already looking forward to working with you in the future.

Sincerely,
