17.30 50th Anniversary Celebration

The Town Hall was the venue for the Opening Ceremony of the Seniors event at the 50th European Bridge Teams Championship last night and their event gets under way today.

Meanwhile in the Open Series Iceland continue to lead Group A from Italy while Bulgaria has moved into third place. In Group B it's still Sweden, now chased by Poland and Estonia. Sweden will replay their match against **England** as they played in the same direction yesterday.

The **Netherlands** has taken over at the top of the Women's table followed by **Germany** and France.

# Oh No! Not the Three!

by Barry Rigal

Somewhere in a Monty Python sketch someone exclaims 'Oh no! Not the comfy chair!'. As you play this deal, the same thought may occur to you.

The normal result on Board 14 round 6

Board 14. Dealer East. None Vul.

Was to play 50. but a few players were carried away by an excess of zeal and attempted slam, on an auction such as:

West	North	East	South
		Pass	Pass
I ♦	2♣	3 <b>♠</b> (fit)	Pass
4♣	Pass	4♡	Pass
4NT	Pass	5♠	Pass
6◊	All Pass		

A lot of bidding but as usual if you can justify your overbidding by over-playing the cards too, all will be forgiven.

A heart lead appears to remove an entry from dummy but allows you to win the ace, play spade ace and ruff a spade (but not with the three) cash the diamond ace and lead a low diamond (but not the three) to the queen, ruff a spade (but not with the three) then give up a heart. You can win the club return and ruff a heart, ruff a spade (but... you've guessed it!) and finally lead that carefully preserved diamond three to the four in dummy to cash your spade winner and discard the heart loser.

On an initial club lead the same approach of using the heart ace diamond queen and diamond four as the three entries necessary to ruff out and enjoy the long spade will see you home.

In total of the 64 tables in play six bid the slam; Ugis Jansons for Latvia, Max Khven of Russia, Jorje Cruzeiro of Portugal, and Teresa Rigney for Irish ladies all came home with their slam. Our sympathy to the Welsh ladies who also reached slam...but they tried Seven Diamonds...

# 50th Anniversary Ceremony

The Celebration Ceremony for the Gold Jubilee of the European Team Championships will take place tonight starting at 17.30 hrs, in the Theatre of Kursaal – where the Opening Ceremony took place.

Medals will be awarded to NBOs and individuals who are part of the Championships' history, because they won titles, or organized events, or took part in whatever capacity in the past. As we need to seat awardees in a convenient way for the smooth running of the ceremony, we ask all the following to arrive at the Theatre no later than 17.00 hrs. Sylvia Valentini will guide them to their pre-assigned seats and will advise them on the procedure.

To this end, would the following please present themselves at the Theatre at 17.00 hrs and report to Sylvia Valentini:

# Calling All Journalists; Press Trip

Members of the International Bridge Press Association are invited on a Press Trip on Wednesday, 30th June. Numbers are restricted. You must register in the Press Room on the 3rd Floor of the Kursaal near the VuGraph Theatre.

The coach will leave the Kursaal at 10.30 and return at 15.30. The trip will include lunch and a boat trip. Dress casual.

IBPA is a club of the world's leading bridge journalists. The principal service to members is a monthly Bulletin sent e-mail edited by John Carruthers of Canada containing material for members' columns. Membership also includes use of the Press Room at major championships. There is an Annual Award scheme for members made at the World Championships when the AGM is held.

## Round 6

# Germany v Belgium by Mark Horton

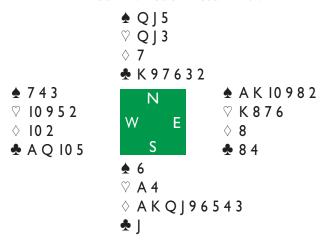

Regular followers of the European Championships will be aware that Germany's women traditionally make a slow start and then spend the rest of the tournament playing catch up - a strategy that has tended to work, but carries a certain degree of risk.

This time they have come out of the blocks like Usain Bolt which might be bad news for the rest of the field. They went to the top of the table in Round 2 and have stayed there ever since.

In Round 6 they faced the hosts in what proved to be an exciting encounter.

Before we get down to the serious business I'll mention that on Board 3 someone overcalled an opening bid of  $I\heartsuit$ with  $2\Diamond$  holding  $\clubsuit103 \, \heartsuit85 \, \Diamond KQ762 \, \clubsuit A1076$ . It proved to be a winning decision as her partner held \$A976 ♥A103 ♦3 ♣J9852 and was able to double responder's raise to 2♥ which located the club fit. Germany scored +110 in 3♣ and +110 in 2% in the other room for a 6 IMP gain.

Board 4. Dealer West. All Vul.

The text books are not exactly full of advice about the best way to handle the South hand. 50 is a practical choice, hoping partner might deliver just one useful card. You might try a flashy 34, asking for a spade stopper (and trusting your luck as to the clubs) which would work well enough this time.

West led the four of spades, covered by the queen and king and East decided to switch to the six of hearts, which handed declarer the contract.

I don't think that stands up to a close analysis. If you credit declarer with say one spade and eight diamonds then a club switch can never cost though might West try to give her partner the club ruff?. Maybe a trump is safest of all.

That was +600 for Belgium.

I could invite you to work out what went wrong here, but with limited space at our disposal I (having been brave enough to ask) will spare you the effort.

South's decision to double is a matter of taste, but the real problems started on the next round. With no suit agreed 4NT was intended to be old fashioned Blackwood, but of course North thought it agreed clubs and responded accordingly. That meant that South's attempt to play in 50 was interpreted as a request for the trump queen and North's 5NT showed it (the extra length compensating for its absence). When South bid 60 North had no real idea of what was going on and bid 6% in case South happened to have an extreme red two suiter.

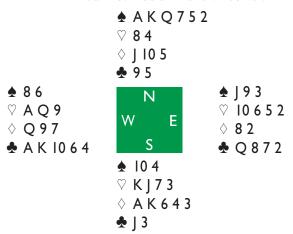

I have no idea why West, facing a partner who had opened the bidding did not double, but it did not matter much, declarer finishing two down to lose 200 and 13 IMPs.

Daniela von Armin, Germany

I can think of many pairs who might be unsettled by a result like that, but not this one. On the very next deal they saw their opponents have a monumental misunderstanding.

I fear that East has not read a copy of The Mysterious Multi as she passed an obviously forcing bid. 3♠ was a comfortable spot – for North/South. North drew trumps and switched to the jack of diamonds. South took that and now does best to exit with a club, which should lead to five down. That is hardly obvious and so declarer 'escaped' for –200 and a loss of 7 IMPs.

Perhaps North should have bid out her shape by trying  $2^{\circ}$ , which might have seen South bid 2NT. East led the ace of diamonds and continued the suit. Declarer won in hand and played the two of clubs, East going in with the queen and switching to the four of hearts (low from a doubleton). West won with the queen and tried to cash the ace, but declarer ruffed. When declarer laid down the ace of clubs she got the bad news and conceded one down, -100.

Given that the only way to defeat 3NT is for West to lead a club it is clearly a terrific contract. West started with the three of hearts. When dummy's jack held declarer played the queen of diamonds and East took the ace and played a heart for the ten and queen, declarer discarding a club from dummy. West cashed the ace of hearts and switched to a club and declarer ducked, perhaps unnecessarily. She was +600, giving Germany 12 deserved IMPs.

According to the convention card 2NT promised four card support for spades. With such modest trumps you can understand why West made no move over  $3^{\circ}$  but it was a bad miss and cost 10 IMPs.

# Fooled by Fredin (and Fallenius)

by Jan van Cleeff

Open teams, section B, round 7 Sweden versus The Netherlands

Board 14. Dealer East, None Vul.

After a weak two in spades by East, the popular contract was 4%, played by South,. West usually kicked off with the  $\triangle A$  and then switched to a low diamond. To make his game it all came down for declarer to guess the suit. The Swedish declarer in the closed room played the jack and was down right away, losing two diamonds, a spade and a club.

In the open room declarer had to guess as well, though in a different suit. That had everything to do with the fact that the Swedish West was Peter Fredin, a player who always puts something extra in his game.

Peter Fredin led a low (!) spade, low from dummy and East won the suit. Fallenius continued the suit and Sjoert Brink was at the cross roads. After a while he decided that it was more likely that East had the  $\triangle$ A than West. He therefore pitched a diamond from hand. The defense took its tricks for a push.

# European Championships Report (in name only)

by Barry Rigal

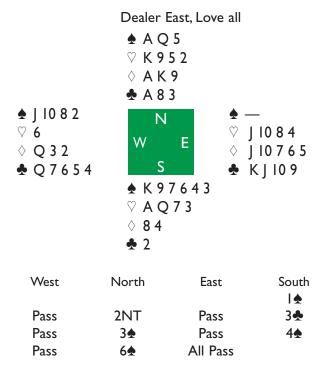

This deal did not feature in the 2010 European Championships but careful scrutiny may suggest it is not entirely irrelevant to proceedings.

We are watching Vugraph. Sitting North and South are a married couple. They are a model of marital harmony – the husband is the senior of the two,

and the more talented. Hubby sitting South is a friendly guy who chats to his teammates, laughing and joking, and he has never knowingly underbid. Watching him extract a quart out of a pint pot is worth the price of admission.

Here, having opened his hand of power and quality he soon finds himself in slam.

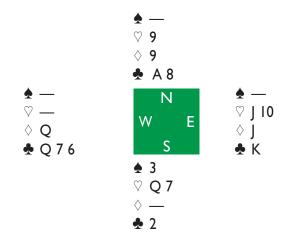

When the screen goes up and dummy is revealed South can see he needs the card gods to grant him no more than a couple of favourable breaks to make 13 tricks. Small slam seems close to a claim, in fact declarer may be burning up inside for having missed a good grand slam though he thanks his partner courteously. However, today everything is wrong; have the Fates landed him with too much to do? Can declarer cope with the 4-0 trump break and other sundry misfortunes to make even 12 tricks?

South seems to be short one trick. When he wins the diamond to play a top spade and finds the bad split he shields his face from his screen-mate but is barely able to conceal his pleasure. A 4-0 break might seem to some like a punch

in the stomach but maybe this will be a golden opportunity for brilliance?

If hearts do not split South realizes it may be a grave situation. He goes into a brown study, his nicotined fingers curlin the tips of his moustache as he thinks, then plays three more rounds of spades. East is squeezed as West wins the fourth trump to exit with a second diamond. Declarer crosses to hand with the heart king and a second heart to reach this ending:

South is all set to go, lingering a second for dramatic effect. He is on the brink of triumph. When he cashes the spade, pitching a heart from dummy, East cannot pitch a diamond or West is squeezed in the minors on the heart winner. If East pitches a club then there is a finesse in the club suit.

Note that if the defenders lead and continue clubs at trick one and trick six the parallel situation is created with a guard squeeze operating around the diamond suit. A double guard squeeze; a thing of beauty.

Don't worry if you miss the point of this article. All will be revealed in tomorrow's Bulletin.

## Round 7

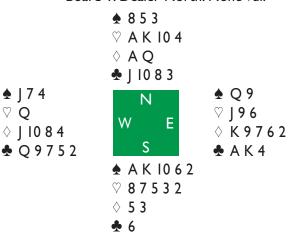

# Netherlands v Sweden

by Micke Melander

10 IMPs to Sweden.

The Netherlands declared war against Sweden already some 400 years ago. Even though no-one died in that war, (they managed to make some kind of peace treaty to get out of it where by Sweden had to pay a lot of money for the Dutch ships they confiscated), the feeling was the Dutch had lined up Sweden again for another battle yesterday morning, taking care of both Women and Open at the same time. The Dutch managed to create a small win in the women series (16-14) but were hurt really badly in the Open.

Nyström-Bertheau blasted off into  $4^{\circ}$  after a simple Stayman action getting North as declarer, protecting the diamond suit if the King was on the wrong hand.

At the other table Drijver-Brink got South as declarer in the same contract and when Fredin led partner's suit the contract was doomed. Brink went up with the  $\Diamond A$  and cashed the  $\nabla A$ , noting the fall of the queen from West. A spade to the ten and jack followed. When the defence now cashed out their minor suit winners they could just relax and wait for their heart trick setting the contract.

On board 2,3 and 4 there were some chances of IMPs but both tables bid two solid games and played INT on the third for three pushes.

Muller got quite an easy ride in 4%, on a club lead. He simply cashed the  $\lozenge A$ , ruffed a diamond and discarded a diamond on the &K. Declarer then made sure of cashing his A before exiting with a low spade towards dummy. Bertheau won and had to give declarer help. In the end, he tried a club on which declarer could discard his last spade. Muller only lost one trick in each major scoring 11 tricks.

Fredin had a much harder declaring time at the other table when he was put to play in 4\(\hat{\psi}\). The \(\forall\) was led, Fredin now won with the Ace, cashed the  $\triangle A$  and ducked a spade. Drijver continued with diamonds to put maximum pressure on Fredin, he ruffed in hand and ruffed a club in dummy, leaving the following position:

Fredin played a heart to the queen, taken by Drijver's King, who immediately returned a heart forcing Fredin to decide to finesse or rely on the clubs. Declarer finally decided upon taking the finesse in hearts, which clearly saved IMPs for the Swedes. After all, the Dutch team scored their first IMP of the match when they got 11 tricks at the other table. Leaving the score at 10-1 to Sweden.

Against Nyström, Muller led the  $\heartsuit Q$  won by De Wijs's Ace. He now cashed the ace of diamonds and tried to get a second diamond trick which Nyström ruffed. Declarer now crossruffed and pulled trumps coming down to the following position

Nyström now had an easy guess when the elimination of the red suits put East with at least 6 HCPs in those suits, leaving West with only 10. West had opened the bidding which made him a strong candidate for having the missing  $\Phi$ Q. Nyström made no mistake finessing that suit. At the other table Brink opened the bidding and only had an overcall to work with, which left the positions more open. Brink played it down to the same position, but then for unknown reasons decided to cash the  $\Phi$ A, losing another trick to Fredin's  $\Phi$ Q.

That was the second swing of the game, I2 IMPs to Sweden. Another minor one arrived on the next board when the Swedes decided to play a cold 30 contract making an overtrick while the Dutch decided to practise in 2NT going two off. 6 more imps to Sweden pushing up the score to 28-1. The Swedes got another 5 imps on deal II when a 20 multi opening by Fredin created problems for the Dutch pair putting them in 2NT while the Swedes bid their game at the other table for another 5 imps. 33-1.

Nyström - Bertheau were not given much space as the Dutch quickly took away all the bidding space up to 4NT. Eventually they came to rest in 5. The play was more interesting at the other table where Drijver-Brink had managed to reach the excellent contract of 6%.

Fredin won the first trick with the  $\triangle$ A and then tried a low diamond. Brink won with the ace, pulled trumps noting that West only had one heart, which most surely put West with either 6-1-3-3 or 6-1-4-2. Brink then played a club to the ace and later on correctly took the club finesse for 13 IMPs to the Netherlands, making the score 33-14. Well done!

Both tables arrived in 4%, which was a very good contract. De Wijs was probably so surprised by not getting a

diamond switch at trick two that he forgot that he could simply pull trumps and give away a trick to the queen of clubs. Instead he mixed it all up and managed to let Nyström get a club ruff with his last heart, going one down.

Fredin at the other table got a spade lead and diamond shift which for sure was the best defence. Nevertheless, he went up with the  $\Diamond$ A, pulled trumps and then gave away a trick in clubs for 10 tricks. Another 10 IMPs to Sweden

The Swedes managed to score an overtrick more in a cold 3NT on deal 16, 44-14.

Fredin-Fallenius got doubled in 5%. Brink made a Lightner double guiding partner to give him the ruff in diamonds, which he duly got. When the defence only had one more trick to win, it was an ice cold +650 to the Swedes in the Open Room.

At the other table West chose to double 44, which, as East most probably thought, could never be made. But with that wild distribution in South, this contract too was cold as ice. So +590 more to the Swedes on this table made it a total of 15 IMPs on the deal, putting the score at 59-14.

Sweden got another 7 IMPs on the last three deals ending the war at 66-14 to the Swedes. Since both teams are favourites to qualify for the next stage, 25-5 is a very nice carry-over for the Swedish team.

Both Ireland and Israel had done well over the opening days of these Championships, so even though they both narrowly lost their morning match yesterday, there was still very much at stake for them when their head-to-head encounter got underway in the afternoon. #### 2♥ Hearts and a minor

North led the king of hearts and declarer won with the ace and played three rounds of diamonds, disposing of her losing heart. She ran the eight of spades to North's king and ruffed the return of the queen of hearts.

(North missed a difficult chance here – a diamond, offering up a ruff and discard allows South to discard a club. Then, if declarer plays a trump off dummy South can go up with the ace and play a heart which secures trump control.)

Why was North forcing declarer to ruff?

Pony decided that there was a strong indication that trumps were 4-1, so rather than play a spade, relying on 3-2 trumps and a winning guess in clubs she cashed the top clubs, felling North's queen. She continued with the jack of clubs and when North declarer continued with a fourth club, ruffing with dummy's five of spades. South could overruff, but there was only one more trick for the defence

Four Spades failed at the other table giving Germany 12 IMPs.

A la donne 20 du 5eme tour, les deux Nicole ont pris une sage décision en évitant de jouer un contrat qui chute et d'en laisser l'exclusivité à la paire adverse. Ce sont les Grecques qui ont subi une forte pénalité.

- (I) 2 SA promet les deux plus basses
- (2) Contre stipule pouvoir contrer une des deux couleurs

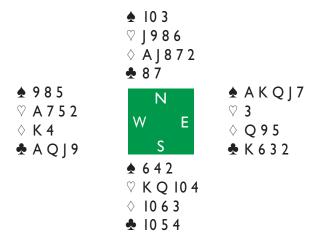

Sachant que Sud a la possibilité de contrer les Carreaux, Nord n'a aucune difficulté à contrer les Cœurs et deux de chute viennent sanctionner les Grecques, et un gain de 500 pour nos compatriotes.

En salle fermée, les Hellènes jouèrent 4\(\Delta\) pour une de chute, 100 pour nos compatriotes et 12 IMPs dans l'escarcelle des Belges.

#### On revient à l'Open :

A la donne 17 de la 6eme session, Daniel Kurgan et Bernard Dehaye ont trouvée l'enchère « infaillible » qui les même au contrat de 64 dans le silence adverse :

Le jeu de la carte est enfantin, le principal était d'arriver au bon contrat !

In round 7 diende het open Belgisch team het op te nemen tegen Spanje dat iets beter geklasseerd staat.

Eric Demarcin, west, startte met A ingetroefd door de leider. De leider, Enrique Basabe, diende enkel hartenaas en drie slagen in schoppen af te staan. Aldus dienden de Belgen genoegen te nemen met 300. Enkel bij een start harten kan het contract, gelet op de mogelijke introever bij oost drie down. Door de sterke stooractie van de Spanjaarden misten de Belgen een klein slam in klaveren.

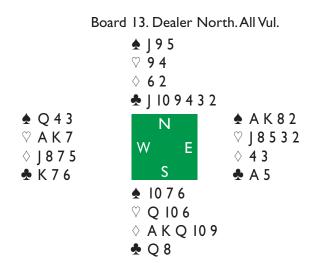

In de gesloten zaal bereikten de Spanjaarden Gonzalo en Federico Goded in OW wel dit klein slam, goed voor 1370, hetgeen hen een winst van 14 IMPs opleverde.

Board 12. Dealer West. N/S Vul.

Na opening  $2\lozenge$  multi (uit de bieding zou naderhand blijken dat dit een zwakke 2 in  $\clubsuit$  was) door Demarcin in west , en nadat NZ in  $4\heartsuit$  waren beland en noord met 4ZT op zoek ging naar slam, anticipeerde Backès met  $6\clubsuit$ . Er restte de

Spanjaarden niet veel meer dan te doubleren. Het contract ging 6 down, 1400 voor de Spanjaarden. Tegenover een maakbaar slam in harten, waaraan 1430 punten kleven, is dit niet zo erg. Maar dan wel op voorwaarde dat dit slam wordt geboden en ook gemaakt (hetgeen een goede keuze in klaveren veronderstelt). Helaas voor de Belgen kwam het in de open zaal niet zo ver. Het contract werd 4%... inderdaad gemaakt met twee overslagen, waardoor Spanje aan deze gift 9 IMPs won, waardoor haar voorsprong nu 25 IMPs bedroeg.

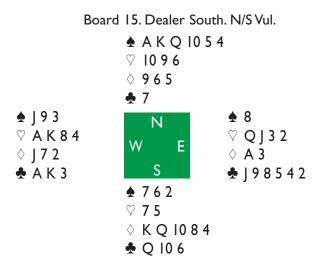

In de open zaal bereikten de Belgen 4% te leiden door Backès in oost. Dit contract werd vlot gemaakt. In de gesloten zaal legde het Spaanse OW paar aan in 3ZT te leiden door Gonzalo Goded in oost. Bernard Dehaye, zuid, startte met ruitenvrouw. Zoals de kaarten verdeeld waren kan het

Jean Marie Backes, Belgium

contract enkel worden gemaakt via een squeeze in de rode kleuren tegen zuid. Het is niet evident hiervoor te opteren gezien winst ook mogelijk is indien hartenvrouw bij de korte harten zit.

Het werd I down zodat de Belgen op dit spel I2 IMPs terugnamen.

In de open zaal bereikten de Belgen 4♥, moeiteloos gemaakt. In de gesloten zaal opteerden de Godeds voor 3NT. De Belg Daniel Kurgan, noord, mocht de eerste zes slagen binnenrijven en zo werd het twee down. Dit leverde de Belgen II IMPs op waardoor ze terug in de wedstrijd waren.

In de open zaal opende Backès in oost I♦. De Spanjaard Basabe, zuid, gooide er meteen 4♠ tussen. west en noord pasten waarna oost doubleerde. Demarcin, west, bood hierop vijf harten. De bieding leek stil te vallen maar dat was zonder noord gerekend. Die gooide er een doublet tegen vermoedelijk bedoeld als een soort Ligthner. Noord startte met kleine ruiten.De leider ging lange tijd in trance maar besloot toch het aas in te leggen. Zuid troefde in met de vrouw waarna hij klaverenaas incasseerde. De leider diende nog een slag in ruiten af te staan en zo werd het I down. In de gesloten zaal werd hetzelfde contract gespeeld, eveneens gedubbeld maar gemaakt goed voor winst van 13

IMPs voor Spanje.

De Belgen kwamen op het einde van de westrijd nog wat terug maar dienden met 14-16 VIPs toch de overwinning aan de Spanjaarden te laten.

Entretemps chez les dames, la 3eme journée a débuté sur les chapeaux de roue puisqu'elles se sont défaites des Irlandaises 25-1.

De ce dernier tour, nous avons extrait une donne qui a donné bien des frissons à sa déclarante Nicole Maréchal assise en Sud. Il s'agit de la donne 6 :

Le chariot revient chez Nicole Maréchal qui s'aperçoit aussi vite de l'enchère insuffisante de l'Irlandaise. Elle appelle l'arbitre qui lui signifie qu'une fois le chariot renvoyé de l'autre côté, ce retour équivaut à l'acceptation de l'enchère insuffisante. Puisqu'il n y a pas de pénalité, les enchères peuvent reprendre. L'arbitre plonge dans le bidding box d'Ouest et en sort 5 $\lozenge$ . Nicole accepte l'offre :

Ouest entame du  $\lozenge 8$  pour le Roi de la déclarante qui enlève le dernier atout. Elle rejoue le  $\image 3$  pour la Dame qui tient Elle présente le  $\image 4$  pour l'As d'Ouest Cette dernière retourne le  $\clubsuit K$  coupé par Sud qui n'a plus qu'à rejoindre le mort avec son 3eme Cœur. Nicole Maréchal se débarrasse alors de ses trois piques perdants sur les Cœurs affranchis et ne fait qu'une de chute.

Très bon résultat puisque leurs partenaires Yaël Topiol et Greet De Grave, en salle fermée, scorent 300 au contrat de 50X et nos compatriotes engrangent 5 nouveaux IMPs.
